ORIGINAL ARTICLE

ARTICLE 2: ELECTIONS

2.2 The 18 members of the Executive, with the exception of the Past President shall be elected for a two (2) year term at the AGM. To provide continuity the President will be elected in odd years and the Vice-President House Operations in even years. Of the remaining members one-half (1/2) will be elected in alternate years. All members (except the President) will be elected to the Executive and, at the first Executive meeting they determine the various positions from among their membership. The Executive may appoint other members to the Executive ((i.e. Statistician, etc.) but these appointees will hold no voting power on the Executive.
