

Metcalfe Jets 2021/22 Season

Equipment and Merchandise

Highlights Summary

-- tender was not sent out for the following year as I have a good working relationship with Eric at Lacroix Sports. Lacroix Sports was our supplier again this year and will continue into 2022/23 season

- Purchased pucks, pylons, goalie equipment to help with goalie shortage. Some goalie equipment cost might be covered by GHA / HEO

- purchased new Assc. Jerseys from Troy. Was not perfect. ie: Shipping delays , missed placed shipped orders. misprints, missing jerseys . Lacroix worked with Troy and it was all sorted out.

- used our new sortout jerseys this fall. Worked out well

- received equipment donations from multiple parents of current MDHA players

- ordered board hoodies and other merch which was sold at the metcalfe fair.

- sold old Assc jerseys both Rep and HL. Raised over \$1000

- Store room has been cleaned again.

- still have to make a decision on what to do with old old Assc jerseys (8-15+ years old), also the old sort our jerseys we were using. I contacted 2 companies about donating them. They never returned my message.

- received a large donation of equipment from the University of Ottawa Women's Varsity Hockey Team today (April 11th) via Bob Bowes Equipment Coordinator for the team. Donation consisted of 19 hockey pants, 9 pairs of gloves, 1 shoulder pad, 1 set of goalie pads (30" i believe)

- McAtom equipment ordered for coming year. 3 colors again . Green, white, yellow

- I plan on doing a MDHA equipment exchange/swap day at the rink mid August. New and Used equipment will be available. Will coordinate with Rosanna and Darryl about hall rental and email blast.
