

## U11 Report 2022-2023

- The team sort outs appear to have been extremely balanced as all teams at their respective levels were at or near the top of the league as well as in playoffs
- Coaching again was a strong point for Metcalfe. While there were minor issues the overall year was a strong success both on and off the ice.
- We had a large number of players (11) make Rangers this year, as well as a large contingent that played for both U10 and U11 Canucks.
- There is still a large demand for full ice practices to build on team strategy's and larger skating drills.
- Goaltending was less of an issue as the year went on but needs to be a continued focus.
- There were 3 issues raised with respect to a team(s) (Coach/player/parent) conduct. These have been dealt with and no outstanding issues to carry over.
- We are proud to have won both the House A and House C titles, as well as having 3 of the top 4 teams in B.
- Our teams have been very inclusive as highlighted by the A team being a mix of 8 boys and 7 girls, as well as every team being represented by both boys and girls.
- U11 consisted of 1 A team (15 players), 3 B teams (2 with 15 players and 1 with 14) and 1 C team (14 players)
