

U13 Report 2023-2024

- Coaching again was a strong point for Metcalfe.
- While there were minor issues the overall year was a strong success both on and off the ice.
- Metcalfe continued to supply a large number of players to competitive hockey from Canucks (Rep B) all the way up to Cyclones (AAA)
- There is still a large demand for full ice practices to build on team strategies and larger skating drills.
- Goaltending has become less and less of an issue as we had some teams with multiple goalies.
- Withing the U13 age, there were no major discipline issues this year.
- We are proud to have won the House C titles. Congrats to Coach Roy and his team.
- There is a very strong female group that played at all levels, including competitive Rep B.
- U13 consisted of 1 A team (15 players), 2 B teams (both with 15 players) and 1 C team (15 players)
