

Devon Kunkel U12

I grew up playing competitive hockey in the valley and then Nepean, which has provided me with a deep understanding and passion for the game.

As the coach of the U12 Castor River Canucks, my goal is to foster a positive and competitive attitude among our players, helping them excel both on and off the ice. Practices will be high tempo, with a strong focus on work ethic, skills, and teamwork. We will emphasize the importance of having fun while working hard. The U12 Canucks will strive to be the hardest working team on the ice, ensuring that we develop not only as athletes but as individuals who value dedication, collaboration, and enjoyment of the game.

Proposed Tournaments:
