

## **Daniel Dubois U11**

I bring over 20 years of diverse hockey coaching experience to the Castor River Canucks U11 Rep B team. My background spans coaching amateur, semi-pro, and professional athletes across North America and Europe. I have served in key coaching roles with organizations such as Amped Goaltending, the Canadian International Hockey Academy Bantam AAA team, and the Clarence Beavers Jr. B team, as well as at elite camps like Stop It Goaltending in Boston and Blue Crease Goaltending in Sweden.

In addition to my coaching credentials, I am a dedicated high school teacher at Franco-Cité in Ottawa, where I combine my understanding of youth development with my passion for sport. I hold certifications including Development 1, Speak Out, Respect in Sport, and Gender Identity and Expression. My coaching philosophy emphasizes respect, hard work, teamwork, and character development—values I aim to instill in every young athlete I work with. I am committed to creating a fun, supportive, and competitive environment where players can grow on and off the ice.

As a coach, I believe in fostering a positive, respectful, and hardworking team environment. My goal is to help players develop their skills, grow their confidence, and become well-rounded individuals. I'm excited to bring my passion for the game and commitment to player development to the U11 Rep B team this season.
