

MDHA Annual General Meeting  
Secretary Report  
2025/26 Season

### **Meetings**

Monthly meetings took place over the course of the 2025/26 season, either in person or via Webex. Having everyone in attendance was extremely rare and sometimes items needing to be voted on were delayed in order to meet quorum.

### **Team / Player Photos**

InAction Photography was the chosen photographer for the 2025/26 season. Photo sessions were scheduled in both Metcalfe Arena & Vernon Community Center. The online booking tool made it easy for the manager/head coach to select an appropriate timeslot for their teams.

I would recommend looking into different photographer companies for the 2026/27 season. There were some complaints about quality as well as overall look/style of the photos. RMHA uses a different company that may be worth looking into.

### **Hall Rentals**

Over the 2025/26 season there were 25 hall bookings requested by teams for either parties, dryland training or meetings. Booking through MDHA's account saves the teams a significant amount of money. Booking through our City of Ottawa rep was extremely easy and seamless.

My time on the MDHA board has come to an end. I would like to thank the members who welcomed me warmly and assisted me throughout the year with varying tasks.
