

U11 Annual Report

This season was a positive and developmental year for our U11 program. Overall, player skill levels were evenly distributed across the division, which allowed for balanced team formation and strong competition throughout the season.

One of the biggest challenges we faced this year was in goal. We had only one MDHA rostered goalie available within our U11 division and, as a result, we needed to bring in three goalies from outside associations to support our teams throughout the season. While this created some challenges with consistency, it also highlighted the need for continued focus on goalie recruitment and development within our association.

Due to our current goalie development situation, we iced one weaker B team this season. Despite these challenges, our players continued to work hard, develop their skills, and represent MDHA with determination and sportsmanship.

A major highlight of the season was the success of our **U11 B1** team, who captured an association banner. Their accomplishments are a testament to the dedication of the players, coaches, and families who contributed throughout the year.

Overall, the season demonstrated both the strengths of our player development system and areas where we can continue to grow—particularly in developing goaltending depth. We are proud of all our U11 athletes for their commitment and look forward to building on this year's successes in the seasons ahead.
